ABOUT US

Established in 2009, our company specializes in the wholesale distribution of pet food.

We offer a dynamic and continuously evolving product range, tailored to meet the needs of both grocery retail chains and specialist pet channels.

Our partners include both large and small retailers, all of whom we serve with dedicated attention.

While we primarily distribute products from domestic manufacturers and producers, we also offer select items from international suppliers.

Our team is driven by a shared mission: to improve the lives of animals every single day.

We believe that quality nutrition is the foundation of animal well-being, but we also strive to support other aspects of their care whenever possible.

Our ultimate goal is to contribute to the health and

PREMIUM DOG FOOD

PREMIUM

Our goal is to provide high-quality, complete, and easily digestible dog food that is not only rich in nutrients but also delicious.

All our products are enriched with vitamins D3, E, and B1 to support dogs' health and vitality.

Our premium canned foods contain at least 55% meat, ensuring a high protein content and a natural taste experience.

Our easy-to-serve alucup meals include 50% meat, fresh vegetables, as well as minerals and vitamins, offering a balanced and complete diet for your dog.

JACK

PREMIUM DOG FOOD

SUPER PREMIUM

In JACK Super Premium canned foods, we use only carefully selected meats, which are hand-placed into the containers. They are then slowly cooked in their own juices to preserve the rich natural flavors as well as their juicy and tender texture.

This process results in food that is not only delicious but also provides high-quality proteins and essential nutrients.

JACK

PREMIUM DOG FOOD

HYPOALLERGENIC

JACK Super Premium pâtés are made with a hypoallergenic formula specifically developed for dogs with sensitive digestion or allergies. Our carefully selected ingredients have minimal allergenic potential, making them gentle on the body.

Our products are available in 400g cans as well as convenient alucups, offering suitable options for every dog's needs. Feeding trials have shown noticeable improvements in sensitive dogs' skin and digestion in just a few weeks.

PREMIUM DOG FOOD

NATURAL TREATS

Our carefully selected treats are not only delicious snacks for your pets but also essential for oral hygiene. They effectively clean teeth and strengthen chewing muscles, all while being thoroughly enjoyed by dogs.

Whether it's dried beef, pork, lamb, rabbit, fish, or venison chew sticks, these treats make a perfect and healthy snack between meals. The fibrous texture helps cleanse the digestive system and supports healthy digestion.

Free from preservatives, artificial colors, and additives!

QUALITY DOG FOOD

AIR-DRIED SUPERFOOD FOR DOGS

Behind JACK Air-Dried dog food is a dedicated team committed to redefining canine nutrition. This exceptional product is developed through a unique process that emphasizes premium-quality ingredients and careful craftsmanship.

JACK Air-Dried dog food is a true flavor explosion, made using an innovative air-drying method that preserves the natural taste and nutrients. Crafted from 100% natural ingredients, it offers antibacterial properties that may slow down aging, while antioxidants help prevent disease.

Rich in proteins from high-quality meat and organ sources, it contains very low carbohydrates, and is free from gluten and preservatives – making it an ideal choice for dogs with sensitive stomachs, allergies, or those on a BARF diet.

Our expert team is fully dedicated to perfecting every aspect of JACK Air-Dried dog food – from sourcing the finest ingredients to fine-tuning the air-drying process.

Whether at home or on the go, JACK offers a convenient and nutritious feeding solution. Its long-lasting freshness eliminates the hassle of preparing or transporting raw food, making it perfect for travel as well.

CAT LITTER

JACKY litters are a great choice – natural, effective, and budget-friendly, keeping both cats and their owners happy.

Our bentonite litter is fine-grained, dust-free, and super absorbent. It clumps quickly, making cleanup fast and easy.

JACKY Tofu litter is a premium, biodegradable option that effectively controls odors. It's 100% natural, compostable, and even flushable.

JACKY Silica litter instantly absorbs moisture, neutralizes smells, and its special crystals keep the box fresh for weeks. It also has antibacterial properties, so it's hygienic and low maintenance.

JACKY Ecowood litter is made from natural wood fibers and can absorb up to seven times its own weight thanks to an innovative production process. It stays fresh for up to 5 weeks, is dust-free, biodegradable, and the clumps can be flushed – making it a convenient and eco-friendly choice.

PET BOUTIQUE HOME

Our dedication to developing high-quality products has reached a new milestone with the launch of our latest non-food brand: Pet Boutique Home, featuring stylish and practical accessories for pets.

Behind the brand is a passionate team fully committed to bringing more comfort and joy to our everyday lives with our beloved animals.

Pet Boutique Home offers a wide range of products designed to provide both comfort and style for dogs and other pets. We are committed to meeting the highest standards of quality and functionality—while ensuring every item is also aesthetically pleasing.

Preventol[®] duo

FLEA & TICK PROTECTION

The Preventol Duo product line helps prevent flea and tick infestations in both dogs and cats.

For dogs, spot-ons are available in sizes ranging from Small to Medium. We also offer collars for both dogs and cats in two color options: red and black.

- SPRAY & SHAMPOO - EFFECTIVE FOR UP TO 7 DAYS
- COLLAR - PROTECTS AGAINST FLEAS FOR UP TO 90 DAYS, AND TICKS FOR 38 DAYS
- SPOT-ON - PROVIDES UP TO 75 DAYS OF PROTECTION

- Active Ingredient: Dimethicone
- Available as both spot-on treatment and collar
- Suitable for both dogs and cats

PREVETIKON

FLEA & TICK PROTECTION

FOR DOGS AND CATS. This product provides up to 15 days of protection with a single application. It repels and eliminates fleas and ticks by physically immobilizing them, leading to their death.

Its unique mode of action is purely mechanical – it traps parasites by rendering them unable to move, effectively stopping infestations. It's not only effective against adult fleas and ticks but also targets eggs, larvae, and pupae.

SMALL PET FOOD

Our goal is to bring the best products from Hungarian local producers, manufacturers, and suppliers to as many pets as possible—through caring and quality-conscious pet owners.

Our products offer exceptional value for money while maintaining a high standard of quality.

Each formula is developed based on expert knowledge and direct consumer feedback. Thanks to the transparent packaging, pet owners can inspect the product before purchase, right on the store shelf.

SERUM

DOG & CAT GROOMING PRODUCTS

Regular grooming at home is not only important for hygiene—it also strengthens the bond between pets and their owners.

Our shampoos are specially formulated to meet the unique needs of dogs. The hypoallergenic shampoo helps relieve redness and itching in allergy-prone dogs, thanks to the calming and nourishing effects of argan oil and aloe vera extract.

Our pet wipes offer a convenient and effective solution for everyday cleaning and care.

DOG FOOD

Our MyDog range offers entry-level priced dog food without compromising on quality. Both our alucups and canned products are made with high meat content and clean ingredients, ensuring complete and balanced nutrition for every dog. These meals provide all the essential nutrients needed for a healthy, well-rounded diet.

- CANNED FOOD (BEEF, GAME)
- DENTAL STICKS
- ALUCUP MEALS (BEEF, LAMB)
- DRY FOOD (BEEF)

- CANNED FOOD (BEEF, POULTRY)
- ALUCUP MEALS (BEEF, CHICKEN, FISH)
- POUCH FLOWPACK & BOX (BEEF & CHICKEN)

CAT FOOD

MyCat products belong to the entry-level price category, yet they stand out with their high meat content and clean ingredients. They offer complete and balanced nutrition for cats, supporting their health and vitality.
